

YT-826QG

Category: Smart Hotel | Release:

Description:

High security lock body, standard 5 latches mortise; No disturb function

Specifications:

Cards Quantity of Records: 220pcs

Door thickness range: 32-70mm

Dynamic Current: <110mA-150mA

Lower Voltage Warning: <4.8V (it can at least unlock for 250 times)

M1 Sensor Frequency: 13.56MHZ

Material: 201 stainless steel,plastic or metal cap

Reading Range: <3cm

Reading Time: <1s

Software Interface: PMS or Fedelio

Static Current: <15uA

T5557 Sensor Frequency: 125KHZ

Working Humidity: 20-80%

Working Temperature: -10-50°C

Working Voltage: 4PCS 1.5V LR6 alkaline batteries
